Committee: Continuous Crisis
Committee

Background Guide
Crisis Timeline

Letter from the Executive Board

Welcome delegates,

It is my pleasure to be chairing the first ever crisis committee of DeMUN, my name is sahil borse and as you know will be serving as your chair along with Mitalie tripathi who will be serving as your moderator.

A crisis committee is very different from a normal mun committee as there is no specific agenda. It will be loosely based on the current world affairs and to make committee interesting I have altered a few of the current situations around the world so that committee has an exact idea towards what well be working to achieve

This committee requires its delegates to be sly, sharp, deceiving, crafty and mostly delegates need to think on their feet and come up with abrupt solutions to the crisis

We look forward to you all having a great time throughout this mun and hope to see you all learn and participate with your utmost determination

Sahil Borse
Chairperson, CCC

Agenda/Crisis#1

1. The ties between the United states of America and Iran have deteriorated after the united states left the iran nuclear deal, after sanctions being placed on iran by the usa iran decides to using nuclear energy again to create nuclear weapons if it pleases so and if they feel they require it;
2. ISIS was being funded by an anonymous group and now has invaded into iran from the north west side originating from Iraq and turkey and are moving towards Tehran;
3. Citizens are still in this region and are considered to be hostages;
4. ISIS CLAIMS to have gotten control of a nuclear power plant and have claimed to have created nuclear weapons;
5. ISIS has a set of demands if not fulfilled states that they will use this nuclear weapon against the western countries.

COMMITTEE WILL RESUME FROM HERE
